INDIA

CHINA

We are a **passionate** and **experienced** team of stone professionals with over 40 years in the stone industry. Our **expertise** lies in efficient global stone sourcing and a dynamic, **customer-focused** sales network.

NATURAL STONE OFFERINGS

BLOCKS

With an extensive inventory of stone blocks available in our quarries and Italian block yards, we source the perfect blocks to meet your needs. We provide both **wet** and **dry** images of at least **four sides of each block**, along with precise measurements and weights. This allows you to participate in the **block selection process**, no matter where your company is located globally.

Our **skilled inspectors** are dedicated to selecting only the best blocks for your requirements. They will also recommend the **optimal cutting direction** based on the block's characteristics.

Our logistics team can offer **landed price quotes worldwide**, thanks to our strong partnerships with major freight forwarders.

SLABS

We collaborate exclusively with the **finest slab processing factories** across Italy. Our fabrication facilities are equipped with **state-of-the-art machinery** that ensures **millimetric precision during calibration** and utilizes high-quality resins. We offer a **broad range of surface treatments** and dual finishes for our slabs.

To assist our customers in selecting materials, we use **scanners** in most of our facilities to provide accurate and **detailed** photos of the slabs.

If filling a container with stone slabs presents a challenge, our logistics team can seamlessly consolidate the stone slabs with other materials, such as porcelain slabs or tiles, ensuring a **smooth** and **efficient process** for you.

TILES

We also specialize in color coordinating tiles, slabs, mosaics, and **cut-to-size** projects to meet your specific needs.

MOSAICS

We specialize in creating **custom mosaics of any kind**, with the capability to prepare **digital renderings** for customer approval. Situated in the heart of the world-renowned ceramic industry, we stay at the forefront of the latest trends and innovations.
